### Session: Water and Circular Solutions Management — Schedule

28 May 2026

Session: **Water and Circular Solutions Management**

- Chair of the session: Prof. Atilgan Atilgan (email: atilgan.atilgan@alanya.edu.tr)

<https://teams.microsoft.com/meet/347152176204083?p=pJI9XvZfytYphJDD6r>

28 May 2026 | CEST (Central European Summer Time) / Turkey (TRT, UTC+3)

TIME CET	Turkey	Authors	Title	Type
10:00	11:00	Prof. Atilgan Atilgan	Opening of the session	
<b>ORAL PRESENTATIONS</b>				
10:05	11:05	Dariusz Młyński	Between Water Scarcity and Excess: Hydrological Aspects of Droughts and Floods	Invited lecture
10:25	11:25	Arkadiusz Doroż & Jarosław Janus	Role of Data Acquired from Unmanned Aerial Vehicles in Shaping Small Water Retention Measures in Land Consolidation Processes	Lecture
10:40	11:40	Paulina Pipiak & Dorota Wieczorek	Microplastics in Wastewater – Occurrence, Characterization and Experimental Study	Lecture
10:55	10:55	Bertod Donald Dontsa Tsafack et al.	Deficit Irrigation and Crop Water Productivity in Semi-arid Regions: a	Lecture

TIME CET	Turkey	Authors	Title	Type
			Systematic Review of Optimal Thresholds and Research Perspectives	
11:10	12:10	Oleksandr Shubalyi	Assessment of the Economic Development of Water Supply and Wastewater Enterprises in the Cross-border Regions of Poland and Ukraine	Lecture
11:25	12:25	Olena Motuzka	Statistical Assessment of Climate Change Impacts on Water Resources: Challenges for Transboundary Water Management and Regional Water Security in Central and Eastern Europe	Lecture
<b>POSTER PRESENTATIONS</b>				
10:40	11:40	Nataliia Smyk & Olena Sevastyanova	Valorization of Lignin-rich Biomass Waste Into Sustainable Polyurethane Coatings	Poster presentation
11:45	12:45	Olena Sydorenko & Vadym Haiev	Possibilities of Using Local Raw Materials for Water Treatment	Poster presentation
11:50	12:50	<b>Prof. Atilgan Atilgan</b>	<b>Closing remarks</b>	

## VII International Conference EU Green Week in Lublin

### Session: Innovative Technologies for Sustainable Waste Management — Schedule

28 May 2026

Session: **Innovative Technologies for Sustainable Waste Management**

- Chair of the session: Assoc. Prof. Mateusz Malinowski (email: [mateusz.malinowski@urk.edu.pl](mailto:mateusz.malinowski@urk.edu.pl))

Google Meet <https://meet.google.com/gqk-tyox-wyw>

Time CET	Authors	Title	Type
<b>ORAL PRESENTATIONS</b>			
<b>9:55</b>	<b>Mateusz Malinowski</b>	<b>Opening of the session</b>	
<b>10:00</b>	<b>Paweł Włodarczyk</b>	Bioelectricity Generation from Agri-Food Industry By-Products: Microbial Fuel Cell Technology	Invited lecture
<b>10:20</b>	<b>Katarzyna Kosiorowska</b>	Biological Degradation of Polyethylene Terephthalate (PET)	Invited lecture
<b>11:40</b>	Fatimoh O. Afonja, Jamiu A. Akintola et al.	Multi-Waste Valorisation: LDPE Sachets, Plastic Sand and Water Hyacinth Biochar as Eco-Brick Components for Affordable Housing in Nigeria	Lecture
<b>10:55</b>	Marija Prosheva et al.	Enhancing Photostability and Sustainability of Methacrylic Polymers Via Lignin-Zwitterionic Hybrid Additives	Lecture
<b>11:10</b>	Łukasz Wiechetek, Katarzyna Budzyńska & Magdalena Panasiuk-Kwiatek	Investigating Differences in Consumer Perceptions of Plastic Waste Reverse Logistics	Lecture

Time CET	Authors	Title	Type
11:25	Marcin D. Jasiak, Julia A. Dybka et al.	Biodegradation of Anthropogenic Polymers Through Composting and Its Impact on Microbial Population Shifts	Lecture
<b>POSTER PRESENTATIONS</b>			
11:40	Agnieszka Petryk & Piotr Petryk	A Sustainable Soil Regeneration Strategy Using IoT, Machine Learning and Artificial Intelligence for the Future of Agriculture	Poster presentation
11:45	Mariusz Wala	Preliminary Assessment of the Impact of the Deposit System on the Waste Streams in Municipalities	Poster presentation
11:50	Andrea Petanova, Marija Prosheva et al.	Waterborne Polymer Nanocomposites with MWCNT/Ag Fillers: Synthesis, Characterization, and EMI Shielding Potential	Poster presentation
11:55	<b>Mateusz Malinowski</b>	<b>Closing remarks</b>

<b>ORAL PRESENTATIONS</b>			
11:55	Marta K. Lemieszek	Opening of the session	
12:00	Jean-Marc Bonmatin, Amel Bellahrache & Frédéric Szeremeta	Pesticides: How Impacts on Biodiversity Indicate Threats to Human Health	Invited lecture
12:20	Agata Przekora-Kuśmierz et al.	Bifunctional Biopolymer-Based Bone Implant as a Carrier of Mg/Ca Ions and Bisphosphonates into Osteoporotic Fracture	Invited lecture
12:40	Folarin Owagboriaye et al.	Cumulative Risk Assessment of Combined Exposure to Glyphosate and Atrazine Mixtures in Drinking Water	Lecture

Time CET	Authors	Title	Type
		and Soil from Four Rural Farmlands in Southwest Nigeria	
12:55	Frédéric Szeremeta et al.	How <i>In Vivo</i> Imaging Contributes to Animal Welfare in Animal Experimentation, Example of MRI	Lecture
13:10	Paweł Mirosław, Marzena Rola-Łuszczak & Mirosław Polak	Molecular Diversity of Bovine Viral Diarrhea Virus Isolates in Poland and Transcriptomic Analysis of BVDV-Infected Cells	Lecture
13:25	Paweł Żukowski, Marek Gancarz & Aneta A. Ptaszyńska	Combined Effects of Microplastics, <i>Nosema ceranae</i> and Neonicotinoids on <i>Apis mellifera</i> Organ Contamination and Mortality	Lecture
13:40	Michał Szorc & Aneta A. Ptaszyńska	Beyond Fumagillin: Hemp-Derived Syrup as a Natural Alternative for Nosemosis Management in Honey Bees	Lecture
<b>POSTER PRESENTATIONS</b>			
13:55	Amel Bellahrache, Frédéric Szeremeta & Jean-Marc Bonmatin	Honeybees Imaged by MRI: a Contribution to the Study of Neurotoxic Pesticides	Poster presentation
14:00	Milica Radenković et al.	Acute Contact Toxicity of Acetamiprid and Cypermethrin in the Hoverfly <i>Myathropa florea</i> (Linnaeus, 1758) ( <i>Diptera: Syrphidae</i> )	Poster presentation
14:05	Zahra Rouabah et al.	Impact of Non-Biodegradable Plastic Pollution of Pastures on Ruminant Welfare	Poster presentation
14:10	Aleksandra Hnydka-Raniewicz, Julia Higuchi & Katarzyna Klimek	Polysaccharide-Protein Scaffolds Fabricated via a Novel Method for Cartilage Tissue Engineering	Poster presentation
14:30	<b>Marta K. Lemieszek</b>	<b>Closing remarks</b>

Time CET	Speaker	Title	Type
<b>ORAL PRESENTATIONS</b>			
11:25	Aleksandra Kowalska	Opening of the session	
11:30	Louise Manning	People, Planet, Profit: Trade-offs and Compromises Towards Delivering a 'Green' Food Future	Invited lecture
11:50	Mariusz Maciejczak	Life Sciences as Strategic Infrastructure for Europe's Green Competitiveness	Invited lecture
12:10	Ameziane Ben Allak & Andrea Almawi	Think Local, Act Global: Rethinking the Global-Local Nexus with Territories as Laboratories of Crisis-Driven Transitions	Lecture
12:25	Imran Aslan, Anna Nowak & Monika Różańska-Boczula	Competitiveness and Sustainability in Agriculture: A European Union Perspective	Lecture
12:40	Anna Budzyńska	The Role of Country Wealth in Explaining Differences in GFSI Levels	Lecture
12:55	Aneta Karasek, Elżbieta Szczygieł & Barbara Fura	Changes in Climate Change Performance Index (CCPI) in EU-27: Linear Ordering Methods and Regional Disparities	Lecture
13:10	Agnieszka Karman	Breaking the ESG Reporting: An Open Geospatial Framework for Environmental Scores	Lecture

Time CET	Speaker	Title	Type
13:25	Faran Latif	Healthcare Quality Improvement through Lean and Six Sigma: An Empirical Study Using SPSS Analysis	Lecture
13:40	Aneta Suchoń & Maria Zuba-Ciszewska	Cooperatives in the Catholic Social Teaching in the Face of Challenges of Sustainable Development	Lecture
13:55	Julia Wojciechowska-Solis & Małgorzata A. Jarosova	Who Buys Organic Food? An Attempt to Identify Organic Food Consumers in the Visegrad Group Countries	Lecture
14:10	Joseph O. Adeagbo & Gbenga E. Oladokun	Strategic Management of Green Skills in Higher Institution: A Spatial-Economic Analysis from Oyo State, Nigeria	Lecture
14:25	Monika Ratajczyk	Moral Licensing as a Circularity Trap – Reuse Instead of Recycling in Generation Z's Perception of Eco-Packaging	Lecture
<b>POSTER PRESENTATIONS</b>			
14:40	Oleksandr Bozhko	Green Logistics in the Trade 5.0 Context	Poster presentation
14:45	<b>Aleksandra Kowalska</b>	<b>Closing remarks</b>

### Session: Invasive Species — Schedule

28 May 2026

#### Session: Invasive species

- Chair of the session: Assoc. Prof. Andrzej Pacholczak (email: [andrzej\\_pacholczak@sggw.edu.pl](mailto:andrzej_pacholczak@sggw.edu.pl))

Invasive species: <https://teams.microsoft.com/meet/347152176204083?p=pJI9XvZfytYphJDD6r>

Time CET	Authors	Title	Type
<b>ORAL PRESENTATIONS</b>			
12:10	Andrzej Pacholczak	Opening of the session	
12:15	Kadri Põldmaa	Pest Common Data Space for recording and sharing information on plant pests and pathogens emerging in the Baltic Sea Region	Invited lecture
12:35	Anna Rysiak et al.	Non-Standard Adaptation Mechanisms of Invasive Alien Species, With a Focus on <i>Heracleum sosnovskyi</i> Manden.	Invited lecture
<b>POSTER PRESENTATIONS</b>			
12:55	Joanna Sender & Monika Różańska-Boczula	Invasive Alien Plants in Riparian Ecosystems: a Study from Two Lowland Rivers in Eastern Poland	Poster presentation
13:00	Marta J. Monder & Andrzej Pacholczak	Invasive Alien Species (IAS) in Horticulture in Poland	Poster presentation
13:05	Barbara Futa et al.	Environmental Consequences of Introducing Alien Tree and Shrub Species into Forest Ecosystems in Poland	Poster presentation
13:10	Andrzej Pacholczak	Closing remarks	

## VII International Conference EU Green Week in Lublin

### Session: Agriculture and Sustainable Food Systems — Schedule

28 May 2026

#### Session: Agriculture and Sustainable Food Systems

- Chair of the session: Assoc. Prof. Anna Krakowiak-Bal (email: [anna.krakowiak-bal@urk.edu.pl](mailto:anna.krakowiak-bal@urk.edu.pl))

EU Green Week - Agriculture and Sustainable Food Systems

Thursday, 28 May · 2:00–5:00pm

Time zone: Europe/Warsaw

Information for call participants in Google Meet

Link: <https://meet.google.com/ggw-bfge-wjm>

Time CET	Authors	Title	Type
14:00	Assoc. Prof. Anna Krakowiak-Bal	Opening of the session	
<b>ORAL PRESENTATIONS</b>			
14:05	Joanna Kocięcka	CO <sub>2</sub> Emissions from Grasslands in Poland	Invited lecture
14:25	Barbara Jagosz et al.	Genotype-Specific Responses of Carrot to Drought Stress during Seed Production: Physiological, Biochemical and Seed Quality Analysis	Invited lecture
14:45	Mkubya Raphael Wambura	Economic Determinants of Land Use Dynamics for Food Crop and Spice Cultivation in Morogoro Rural District, Tanzania	Lecture

Time CET	Authors	Title	Type
15:00	Dorota Gendaszewska et al.	From Waste to Yield: Protein Hydrolysates in Chinese Cabbage Cultivation	Lecture
15:15	Katarzyna Miśkiewicz et al.	Valorisation of <i>Pleurotus ostreatus</i> spent culture medium as a granular substrate to support the crop plants growth	Lecture
15:30	Piotr Celuch, Marcin Domaciuk, Sławomir Frynas, Daniel Kamiński, Mariusz Gagoś	Insights into the biological activity of lupeol in tomato seed germination and early growth	Lecture
15:45	Karolina Błaszczyk & Małgorzata Szczepanek	Management practices and <i>Methylobacterium symbioticum</i> application effects on nutritional value of black barley in organic systems	Lecture
16:00	Miłosz Nowak et al.	The wood harvesting impact on the soil's thermal and moisture parameters	Lecture
<b>POSTER PRESENTATIONS</b>			
16:15	Joanna Gmitrowicz-Iwan et al.	Agricultural Potential of Agrivoltaic Installations	Poster presentation
16:20	Karolina Furtak et al.	Microbiological support for sustainable agriculture	Poster presentation
16:25	<b>Prof. Anna Krakowiak-Bal</b>	<b>Closing remarks</b>	

## VII International Conference EU Green Week in Lublin

### Session: Green Chemistry — Schedule

29 May 2026

Session: **Green Chemistry** online and in person in Lublin

- Chair of the session: Assoc. Prof. Daniel Kamiński (email: daniel.kaminski@mail.umcs.pl)

29 May 2026 | CET (Central European Time)

Teams channel: <https://teams.microsoft.com/meet/39761467075527?p=4KyxbYbAqRuMFrWIIq>

Meeting ID: 397 614 670 755 27; Passcode: uT77RZ3F

Note: all posters will be available online here <https://sway.cloud.microsoft/NonjhFF1QJhEUILG?ref=Link>

Time CET	Authors	Title	Type
9:00	Daniel Kamiński	Opening of the Green Chemistry Session	
<b>Session I: Green Chemistry for Environmental Remediation and Water Treatment</b> <b>Chair: Assoc. Prof. Daniel Kamiński</b>			
9:10	Monika Wawrzekiewicz, Beata Podkościelna	Sustainable Chemistry Approaches to Bio-Based Adsorbents for Water and Wastewater Treatment,	Invited lecture
9:30	Anna Wołowicz, Zbigniew Hubicki	From Contamination to Sustainability: The Role of Innovative Adsorbents in Toxic Heavy Metals Removal,	Lecture
9:45	Marlena Bytniewska, Dominika Fila, Dorota Kołodyńska, Mariusz Barczak	Green Adsorbents for Platinum Adsorption from Hospital Effluents: Sulfur-Doped Nanoporous Carbons	Lecture
10:00	Razia Sultana Shaky, Patryk Oleszczuk	Enhancing the Environmental Safety of Sewage Sludge-Derived Biochar Through Eco-Friendly Pre-Treatment	Lecture
<b>10:15-10:50 Coffee Break</b>			

<b>Session II: Sustainable Materials and Green Synthetic Approaches Chair: Assoc. Prof. Daniel Kamiński</b>			
<b>10:50</b>	<b>Dimitrios A. Giannakoudakis</b> , Athanasia Kotsaridou, Abdul Qayyum, Fivos Florides, Mariusz Barczak, Juan Carlos Colmenares, Konstantinos S. Triantafyllidis	Low-Energy Solutions for a High-Impact Problem: Green Light-Driven Chemistry for Waste-to-Value Transformations	Invited lecture
<b>11:10</b>	<b>Urszula Maciołek</b> , Carlos Bravo-Díaz, Anna E. Koziół, Rafał Typek	Cocrystals by Design: Towards Sustainable Green Mechanochemical Preparation	Invited lecture
<b>11:30</b>	Viktoria Paientko	Mechanochemical design of organo-mineral composites: from surface engineering to industrial applications in food and cosmetic systems	Lecture
<b>11:45</b>	Aneta Gryzińska	Towards sustainable production: Evaluating the potential of natural silicates in modifying the mechanical properties of cable insulation	Lecture

<b>Session III: Green Chemistry in Food, Natural Products and Bioactive Systems Chair: Prof. Beata Podkościelna</b>			
<b>12:00</b>	<b>Karolina Kula</b>	Conjugated Nitrodienes as Versatile Precursors of Bis-heterocyclic Systems: Synthetic Aspects, Reactivity and Electronic Properties from a Quantum-Chemical Perspective	Invited lecture
<b>12:20</b>	<b>Sonia Losada-Barreiro</b> , Tamara Martínez-Senra, Carlos Bravo-Díaz, André Riveiro, Sanaz Feizi, Esther Barreal, Pedro Pablo Gallego	Basil by-product extracts as a green antioxidant strategy for inhibiting lipid oxidation of seafood products	Invited lecture
<b>12:40</b>	Adewumi I. Adeagbo, Zacchaeus S. Ololade, Oluwafemi A. Ojo, Favour O. Ololade, Olaniyi O. Idowu, Richard A. Oyero	Immunochromatographic Detection and Phytochemical Treatment of Aflatoxins in Grains with Combined Melissa-Senna Extract	Lecture
<b>12:55-13:10 Coffee Break</b>			
<b>13:10</b>	Michał Szorc, Aneta A. Ptaszyńska	Green chemistry in apiculture: hemp extraction by-products as active ingredients in innovative bee cake against nosemosis	Lecture

<b>13:25</b>	Manel Merradi, Zahra Rouabah, Nouzha Heleili, Fares Khermouche, Amina Badis, Yacine Kasmi	Unlocking Flaxseed's Power: Potent Antioxidants and Anti-Inflammatories from <i>Linum usitatissimum</i> L.	Lecture
--------------	-------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------	---------

<b>On-line Poster Presentations Chair: Dr Elżbieta Łastawiecka Posters Available for Viewing and Discussion in the Conference Teams Channel</b>			
<b>13:45</b>	Karolina Kula	Nitrodienes Among 1,3-Butadiene Analogues: Electronic Structure, Reactivity and Biological Potential from a Computational Perspective	Online Poster Presentation
<b>13:50</b>	Tamara Martínez-Senra, Sonia Losada-Barreiro, Carlos Bravo-Díaz	Designing sustainable Pickering emulsions: cyclodextrins as green alternatives for surfactant-free Pickering emulsions	Online Poster Presentation
<b>13:55</b>	Urszula Maciołek, Sonia Losada-Barreiro, Carlos Bravo-Díaz	Environmentally friendly systems for delivering antioxidants: cocrystals, cyclodextrins, and emulsions	Online Poster Presentation
<b>14:00</b>	André Riveiro Suarez	Green Solvent-Based Valorization of Basil Residues	Online Poster Presentation
<b>14:05</b>	Pola Sado, Marta Grochowicz, Emil Sasimowski	Thermal tests of biodegradable poly(butylene succinate) composites	Online Poster Presentation
<b>14:10</b>	Viktoria Paientko	Surface and Sorption Properties of Natural Clays as Raw Materials for Dietary Supplements	Online Poster Presentation
<b>On-line and On-site Poster Presentations Poster Viewing and Informal Discussion</b>			
<b>14:15</b>	Kamil Dziuba, Katarzyna Szwaczko, Roman Paduch, Krzysztof Szafranski, Adrian Wiater	Human Colon Cell Activity Regulated by Synthetic Coumarin Derivatives with Phosphonate Groups	Poster presentation
<b>14:20</b>	Kamil Dziuba, Radosław Łojek	Targeted Synthesis of Phosphacoumarins by the Knoevenagel Reaction	Poster presentation

14:25	Katarzyna Szwaczko, Roman Paduch, Kamil Dziuba, Adrian Wiater	Efficient Synthesis and Biological Profiling of Synthetic Cannabinoids against Human Colon Cancer Cells	Poster presentation
14:30	Katarzyna Szwaczko	L-Proline-Catalyzed Synthesis of Coumarin Esters: A Mild and Practical Approach	Poster presentation
14:35	Małgorzata Maciejewska, Grzegorz Wójcik	Amine-Functionalized Porous GMA-Based Copolymer Microspheres for Efficient Chromium(VI) Removal	Poster presentation
14:40	Daria Biadun	Biopolymer-based hydrogels for efficient removal of pharmaceutical contaminants in aqueous systems	Poster presentation
14:45	Beata Podkościelna, Marta Goliszek-Chabros, Bogdan Tarasiuk, Olena Sevasyanova	Synthesis of Methacrylate-Based Polymeric Microspheres Modified with Spruce Kraft Lignin for Water Purification Applications	Poster presentation
14:50	Marta Grochowicz, Magdalena Grzesiak	Amine-Functionalized Polymeric Microspheres: Highly Efficient Sorbents for the Removal of Ibuprofen and Ketoprofen	Poster presentation
14:55	Elżbieta Łastawiecka	From Levulinic Acid to $\gamma$ -Valerolactone: A Green Catalytic Route over Nickel Catalysts on Alumina and Ceria	Poster presentation
15:00	Elżbieta Łastawiecka	Cerium(IV)-Catalyzed Allylic Oxidation of 3-Sulfolene: An Efficient Route to 4-Substituted Sulfol-2-enes	Poster presentation
15:05	Daniel Kamiński, V. Vashchuk M. Gagoś, B. Podkościelna, B.Tarasiuk	Cysteine-functionalized nanoparticles with enhanced antifungal activity	Poster presentation
15:10	<b>Iryna Goncharova</b> , Dominique Guichaoua, Andriy Kityk, Philippe Rouquier, Jarosław Jędryka, Bouchta Sahraoui	Application of laser-induced breakdown spectroscopy (LIBS) for metal ions detection in aqueous solutions and natural waters	Invited lecture
15:15	<b>Daniel Kamiński</b>	<b>Closing remarks</b>	

## VII International Conference EU Green Week in Lublin

### Session: Food Science — Schedule

29 May 2026

#### Session: Food Science

- Chair of the session: Prof. Dražen Lušić (email: drazen.lusic@medri.uniri.hr)

Food Science : <https://teams.microsoft.com/meet/347152176204083?p=pJI9XvZfytYphJDD6r>

Time CET	Authors	Title	Type
<b>ORAL PRESENTATIONS</b>			
12:15	Dražen Lušić	Opening of the session	
12:20	Katarzyna Petka	Micro- and Nanoplastics in Food: How Dietary Patterns Shape Human Intake	Invited lecture
12:40	Agnieszka Hanaka	Phytochemistry: insight into plant metabolites in food science	Invited lecture
13:00	Marek Gancarz et al.	The influence of coffee bean roasting technology on the content of volatile organic compounds	Lecture
13:15	Iuliia Motuzka	Plant-Based Alternatives to Dairy Products in the Context of Food Security and Environmental Sustainability	Lecture
13:30	Jarosław Kowalski	The realization of the human right to food and water	Lecture
<b>POSTER PRESENTATIONS</b>			
13:35	Tetiiana Bozhko & Mykyta Skakun	Quality and Safety of Protein Bars	Poster presentation

Time CET	Authors	Title	Type
13:40	Katarzyna Grądecka-Jakubowska & Marek Gancarz	The influence of the roasting methods of coffee beans on their physical properties	Poster presentation
13:45	Krystian Siwek et al.	Challenges and pro-ecological perspectives of quinic acid determination in food matrices using the GC-MS technique	Poster presentation
13:50	Martyna Machlarz et al.	Betalains: natural plant pigments with potential industrial applications	Poster presentation
13:55	Wiktoria Kania & Agnieszka Hanaka	Neuroprotective properties of <i>Moringa oleifera</i> in neurodegeneration	Poster presentation
14:00	Mateusz Hebdowski & Agnieszka Hanaka	Luteolin – a multifunctional flavonoid with therapeutic potential	Poster presentation
14:05	Nataliia Nesterenko et al.	Problems and Prospects of the Fruit and Vegetable Market in Ukraine	Poster presentation
14:10	Dmytro Antiushko et al.	Consumer Surveys as a Factor in Market Advantages of Products for Enteral Nutrition	Poster presentation
14:15	Dmytro Antiushko et al.	Selection of Water Treatment Methods for the Reconstitution of Powdered Enteral Nutrition Formulas	Poster presentation
14:20	<b>Dražen Lušić</b>	<b>Closing remarks</b>
